What is NTSA?

The National Training and Simulation Association provides the training, simulation, mission planning, related support systems and training services industries a recognized, focused, formal organization to represent and promote their business interests in the market place. Through Industry forums and association sponsored events, NTSA assists these groups in communicating the full capability and broad characteristics of all of the elements of training systems and mission planning to include associated support services. NTSA also fosters relationships between the training industry, planners and acquisition agencies regarding requirements, procurement issues and policies. NTSA is a proud affiliate of the National Defense Industrial Association (NDIA).

ASSOCIATION OBJECTIVES

- **REPRESENT** to government the non-partisan business interests of the simulation, training, mission planning/rehearsal and support services.
- **INCREASE** the value of training systems and services provided by industry and government.
- **INFORM and EDUCATE** the legislative policymaking acquisition and regulatory functions of government, including Congress, the DoD and other agencies.
- **PROVIDE** direct contact between acquisition activities and the industry to better communicate with regard to procurement issues and policies.
- **PROMOTE** the highest level of responsibility and business ethics among Association members.
- **ACT** as a clearing house for business policy, ethics and practices affecting industry.
- **PROVIDE** industry-wide bulletins and news reports.
- **ACTIVELY PARTICIPATE** with, inform, and support the training, mission planning/rehearsal related activities of other industry associations such as AIA, EIA, ITEA and other industrial divisions of NDIA.
