Specifications and Standards Utility within NATO DEEP ADL
Experiences and Lessons Learned from Alliance Partner Countries
ADL Capacity Building.

1. Preface
2. NATO DEEP
3. ADL events (DEEP and PfPC)
4. 10 Principles of Cybersecurity
5. NATO DEEP ADL Portal - overview
6. NATO DEEP ADL Portal – details

NATO DEEP works with partner nations to help identify the **needs** and **gaps** of higher military education in their countries.

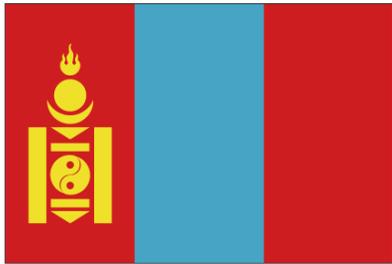

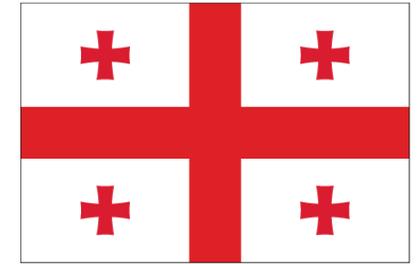

Three main components:

Institutional, curriculum, faculty development

Constant dialog and consultations

NATO DEEP countries

Example: ADL System of the Armed Forces of Ukraine

- The history,
- Since 2018 – 25000 users registered,
- More than 100 ADL courses developed
- International activity,
- Central role of the ADL team

NATO DEEP ADL events matrix:

- DEEP AZE – Krakow (Nov 2018)
- DEEP ARM – Krakow (Dec 2018)
- DEEP UKR – Kyiv (Jan 2019)
- DEEP UKR – Krakow (Feb 2019)
- DEEP NMACEDONIA – Gdynia (Mar 2019)
- DEEP AZE – Baku (July 2019)
- DEEP ARM – Yerevan (July 2019)

NATO DEEP ADL other academic activities

10 Principles of Cybersecurity project

There are **4 language versions** of the course available so far: Azerbaijani, English, Latvian and Ukrainian. More are coming!

The course content is based on a paper written by a Polish expert - **prof. Tomasz Aleksandrowicz**.

Serhiy Korolyov Zhytomyr Military Institute (ZMI) hosted the event of this project's history in **September 2018**.

This project is often used as a training material for NATO DEEP ADL activities with representatives of higher military education from NATO Partner Countries.

This project is an integral part of the **NATO DEEP ADL Portal**.

We use **LMS ILIAS** functionalities to develop this course's key elements: learning module, test and certificate.

NATO DEEP event focusing on NCO issues

Starosz, Artur [a.starosz], Starosz Starosz, Artur [root] - 11:36

more...

The NATO DEEP team has conducted NCOs Professional military education curriculums review visit in order to assess their correspondence to the NATO NCO PME reference curriculum. AFU NCO Leadership programs has been prepared taking into account a big part of NATO standards while keeping some national flavour in them. It is a big step in aligning AFU NCO training with NATO standards and common practice. The review has been supported by NATO experts from Canada, Lithuania and US. The event was held in Kyiv.

Module 2: Events

The Events space is dedicated to share and exchange information regarding DEEP-wide events, available for Partner Countries.

Examples:

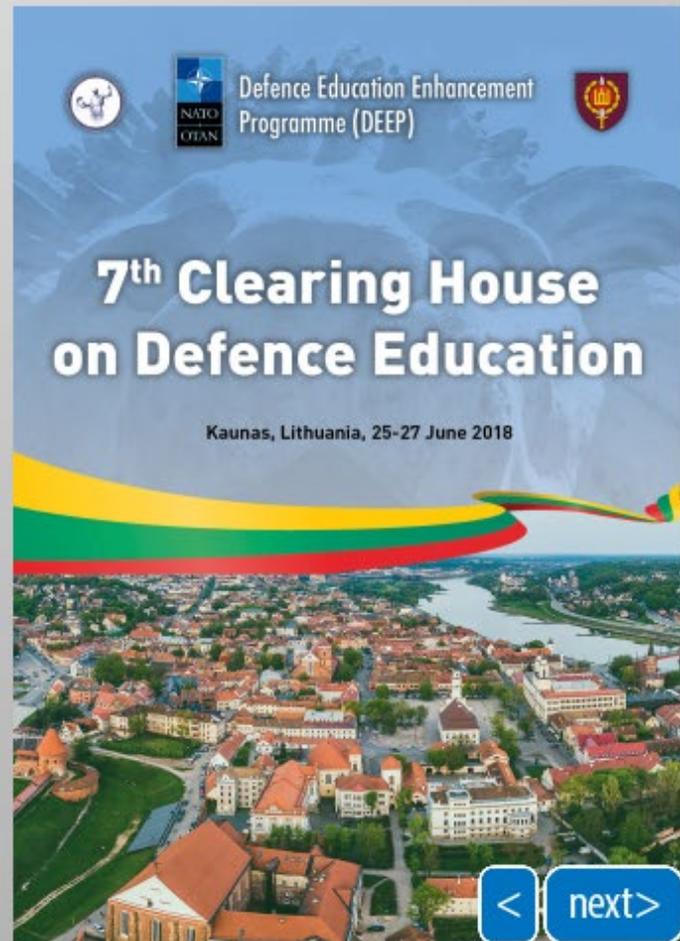

- ⇒ Conferences
- ⇒ Working Groups

When there's a need, the Portal offers to create a group for attendees, so the discussions can be prolonged and people can stay in touch after the event is finished.

Module 3: projects

Module 3: Projects

A place for you to cooperate on various projects that require access for people from various DEEPs. This way, you can discuss, share and work on the project together. Hover over the selected area to get more information.

The screenshot shows the 'Projects' section of the DEEP ADL Portal. At the top left is a rocket icon and the word 'Projects'. To the right is an 'Actions' dropdown menu. Below this are two tabs: 'Content' and 'Info'. A blue banner below the tabs features the NATO OTAN logo, the text 'Defence Education Enhancement Programme (DEEP)', and the word 'Projects' on the right. Underneath the banner is a section titled 'GROUPS' containing two entries: 'DEEP Wiki' and 'ICA 2.0', each with a group icon and a dropdown arrow.

Module 4: Frequently Asked Questions

FAQ - Frequently Asked Questions

Frequently Asked Questions

Page Overview [Hide]

- 1 Registration for the learning platform ILIAS
- 2 Problems with login
 - 2.1 I forgot my password. What can I do?
 - 2.2 I know my access data. Why doesn't the login still work?
- 3 What is ILIAS?
- 4 Questions about ILIAS courses
 - 4.1 Why can't I find my course?

1 Registration for the learning platform ILIAS

Before using the account for the first time, you must register an account using the online form, select the username yourself and set the password. Then you can log in to the ILIAS educational platform using the username and password you require. The second stage is verification of affiliation to a given DEEP program. For this purpose, it is necessary to complete the form on the platform.

2 Problems with login

2.1 I forgot my password. What can I do?

If you have forgotten your password, you can reset it using the command at the login panel. The new password will be sent to the official address.

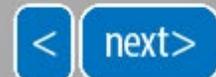

2.2 I know my access data. Why doesn't the login still work?

If after entering your login and password you do not have access. Please check if you have the Caps Lock key pressed.

This module offers basic information about the most important matters. It's going to be extended with time.

At the moment, you will find answers regarding:

- ⇒ Registration process
- ⇒ Problems with login
- ⇒ LMS ILIAS
- ⇒ Common issues

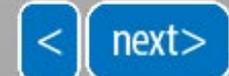

Module 5: Courses

Here you'll find e-learning courses that are offered to DEEP Partner Countries.

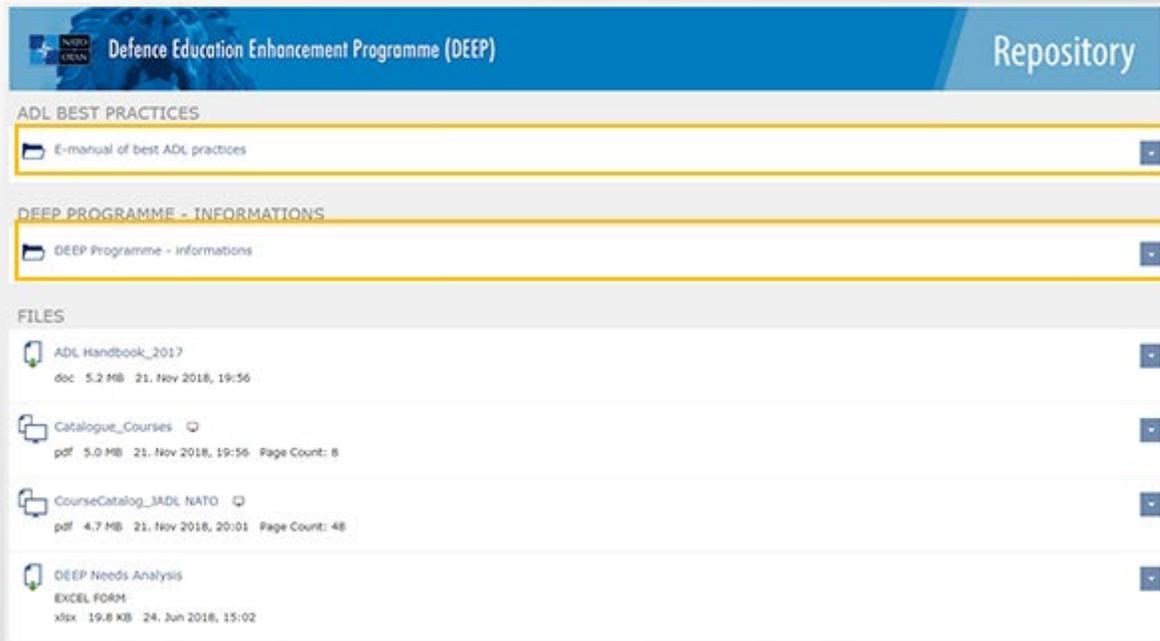

Hover over selected areas to get more information.

The screenshot shows the 'Courses' section of the DEEP ADL Portal. At the top, there is a header with the NATO OTAN logo and the text 'Defence Education Enhancement Programme (DEEP)'. Below this, there is a sub-header 'Courses' with an 'Actions' dropdown menu. The main content area is titled 'DATA COLLECTIONS' and contains a list of course categories: 'Full Course List', 'ONLINE COURSES LIST', 'DRAFT (TO ACCEPT)', 'WITHDRAWN (TO UPDATE)', and 'OFFLINE COURSES LIST'. The 'Full Course List' item is highlighted with a yellow border.

Module 6: Repository

The screenshot shows the 'Repository' section of the DEEP ADL Portal. It features a blue header with the NATO logo and the text 'Defence Education Enhancement Programme (DEEP) Repository'. Below the header, there are three main sections: 'ADL BEST PRACTICES', 'DEEP PROGRAMME - INFORMATIONS', and 'FILES'. The 'ADL BEST PRACTICES' section contains a single item: 'E-manual of best ADL practices'. The 'DEEP PROGRAMME - INFORMATIONS' section contains a single item: 'DEEP Programme - informations'. The 'FILES' section contains four items: 'ADL Handbook_2017' (doc, 5.2 MB, 21. Nov 2018, 19:56), 'Catalogue_Courses' (pdf, 5.0 MB, 21. Nov 2018, 19:56, Page Count: 8), 'CourseCatalog_IADL NATO' (pdf, 4.7 MB, 21. Nov 2018, 20:01, Page Count: 48), and 'DEEP Needs Analysis EXCEL FORM' (xlsx, 19.8 KB, 24. Jun 2018, 15:02). Each item has a small blue square icon to its right.

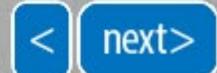

A place for other learning materials, excluding e-learning courses.

Here you will find:

- ⇒ Thematic file repositories
- ⇒ Scientific articles
- ⇒ DEEP-related documents
- ⇒ Videos
- ⇒ Manuals

Hover over selected areas to get more information.

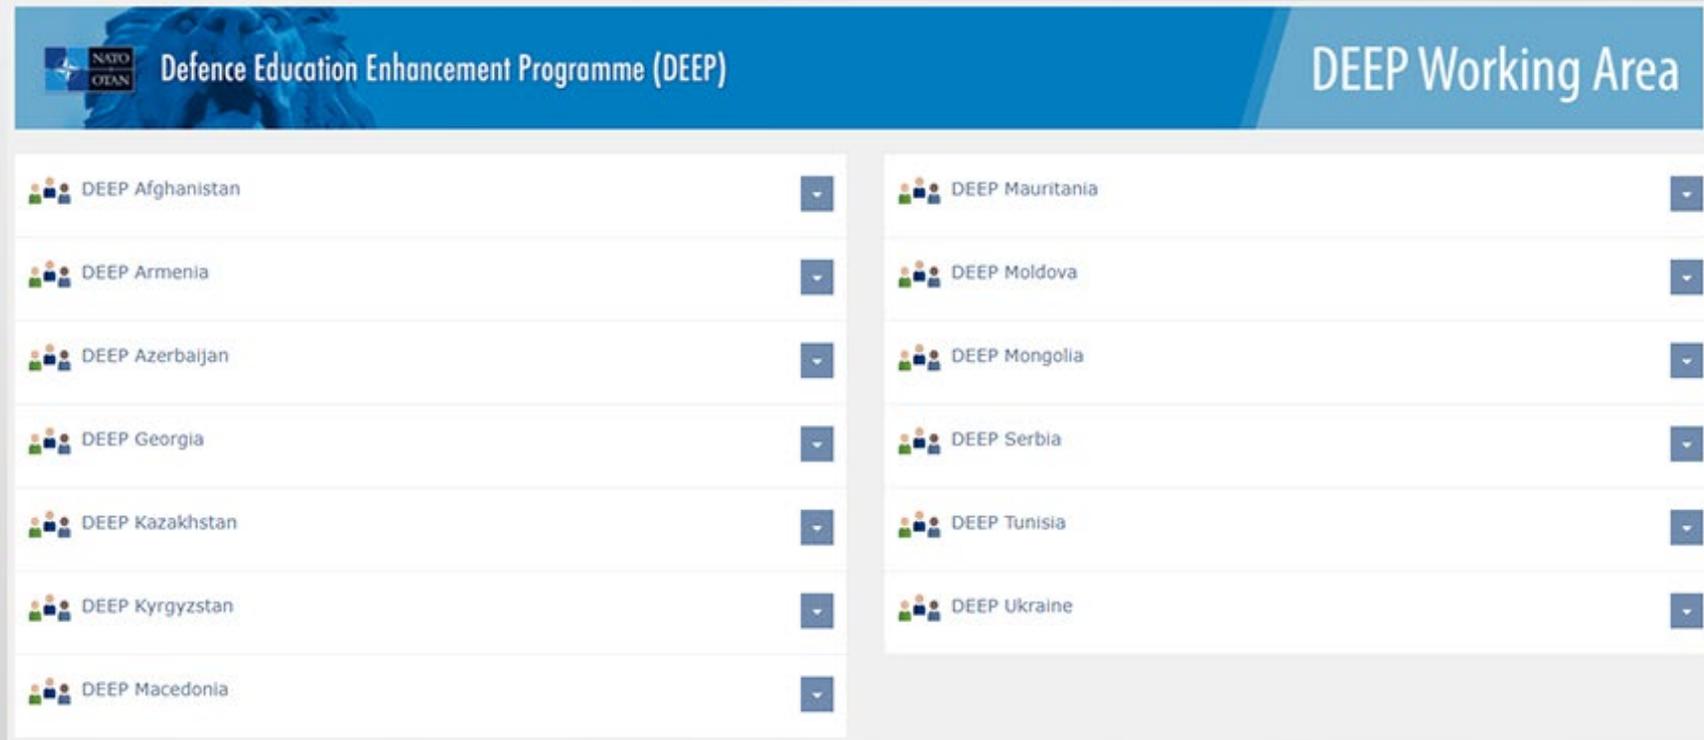

Gathered information on Advanced Distributed Learning that can help you understand the concept and possibly make you think about applying such solutions in your country.

Module 7: DEEPs working area

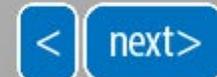

Module 7: DEEPs Working Area

Each NATO DEEP Partner Country has its own, secluded space in the DEEPs Working Area. This solution offers better access to expert knowledge, information exchange, etc. This can be a good place to start e-learning in your institution.

The screenshot shows the 'DEEP Working Area' interface. At the top, there is a blue header with the NATO OTAN logo and the text 'Defence Education Enhancement Programme (DEEP)'. Below the header, there is a list of partner countries, each with a small icon of three people and a dropdown arrow. The countries listed are:

- DEEP Afghanistan
- DEEP Armenia
- DEEP Azerbaijan
- DEEP Georgia
- DEEP Kazakhstan
- DEEP Kyrgyzstan
- DEEP Macedonia
- DEEP Mauritania
- DEEP Moldova
- DEEP Mongolia
- DEEP Serbia
- DEEP Tunisia
- DEEP Ukraine

Module 8: Discussions

A place to contact experts of various fields. It's possible to have contact with them, ask questions or interact in any other way possible.

The screenshot shows the 'Discussions' section of the DEEP ADL Portal. It features a blue header with the NATO OTAN logo and the text 'Defence Education Enhancement Programme (DEEP)'. Below the header, there are three main categories: 'MAIN FORUMS', 'MEMBER FORUMS', and 'EXPERT FORUMS'. Under 'MAIN FORUMS', the 'Global forum' is highlighted, showing 'Articles (Unread): 1 (1)' and 'Latest Article: test from Artur Starosz Starosz (root), Today, 03:07'. A blue dropdown arrow is visible on the right side of the 'Global forum' entry.

Module 9: Experts

This module is basically a database of experts. Should you need any help, please check this place. You can browse experts based on their: name, email, area of expertise, DEEP Projects.
